War Plaque Planned For Chapter House

Officers and trustees of the Cornell Delta Phi Association met at Llenroc November 6th to receive reports from the undergraduates and plan future improvements.

President Stanley A. Russell '12 called for undergraduate reports on rushing, Llenroc improvements, and local chapter business. Then E. O. Jones '23 presented plans for a World War II memorial tablet soon to be placed in the chapter house. Recommendations for annual recognition of a Pi Chapter member for service to Cornell and Delta Phi were discussed by the trustees and undergraduates.

Present at the meeting were President Russell, Secretary G. S. Tarbell '26, G. E. Wightman '17, E. O. Jones '23, W. W. Zittel, Jr. '40, J. L. Munschauer '40, W. H. Hover '49 and undergraduates of Pi Chapter.

Llenroc Plays Host to Over 100 Pi Alumni During Fall Season, Urges Further Visits

During the past football season more than 100 Pi Chapter alumni visited Llenroc. The Chapter welcomes these alumni visits and appreciates the time and effort many alumni have expended to get back to Ithaca. We hope that many more will try to visit the undergraduate chapter in the near future.

We have two reasons for wanting alumni to visit us. First, we are proud of Llenroc, and since the house has been greatly improved by alumni funds, we want more of you to have the opportunity to inspect it. Second, we want a chance to meet and know better our graduate brothers.

Perhaps the best recommendations for alumni visits have come from alumni themselves. The following letter was received late last month from Upper Montclair, N. J., addressed to William H. Hover, President of Pi Chapter: "Dear Bill:

"We want to thank you immensely for the fine time we had at the house the night of the Colgate game.

"I certainly wish all the other alumni like myself who haven't been up in the last five or six years could see the transformation that has taken place in the House. The new bar setup, the

renovated furniture, the redecorated chapter room, and the new tennis court have made the place into what I consider the most impressive house and grounds on the Hill.

"Stan Russell, Sr. and everybody else involved in the improvements deserve a lot of credit for the time, money, and effort expended. It has paid off.

"Thanks again and see you soon. Fraternally, N. V. Montan '32."

Remember, only a small percentage of Pi Chapter is represented by undergraduates, and Llenroc is for the benefit of all our members.

Pi Social Season Features Football Weekend Parties

The Army, Colgate and Dartmouth week-ends saw many Delta Phi graduates returning to watch the Big Red team in action, and to renew old acquaintances. For the most part, they were not disappointed in the Cornell eleven, which dropped only one game all season, that to Army, and went on to win the Ivy League title.

During Colgate week-end, the trustees of Pi chapter held a meeting. They chose the worst week-end of the entire season, the weatherman providing nothing but rain throughout the game.

After each game, cocktails were served at the Delta Phi bar, which gave returning alumni a chance to exchange conversation with classmates, and to meet the new pledges.

William Dall '36 is now an instructor at the Wharton School, University of Pennsylvania, and lives at 1427 Spruce St., Philadelphia 2, Pa. Bill, who also matriculated at Penn and Williams College, was house manager and treasurer on the Hill. He's now one of the governors of the St. Elmo Club of Philadelphia, and a member of the University Club of Philadelphia.

Delta Phi Pledges Buzby '50; New Class Now Numbers 15

Delta Phi is proud to announce the additional pledging of **Jesse Milton Buzby, Jr. '50**, raising the total number of pledges to 15. Jesse hails from San Juan, Puerto Rico, and is a graduate of Harvard University, class of June, 1948.

Our newest pledge is enrolled in the Cornell School of Business and Public Administration. While at Harvard he was captain of the swimming team, and a member of the Undergraduate Athletic Council. He served as a radar operator with the navy during the war. His father is a member of Cornell's class of 1920.
